

“Scherlock Begins”

At the theatre in English

Durante la mattinata di venerdì 14 marzo, i ragazzi delle classi terze e seconde della scuola secondaria di primo grado "G. Ghirardini" di Badia Polesine, hanno avuto l'occasione di assistere, accompagnati dai docenti, allo spettacolo in lingua inglese "Sherlock Begins", presso il teatro sociale E. Balzan, considerato la piccola Fenice.

Qui, hanno assistito alla rappresentazione del primo caso del famoso detective di Arthur Conan Doyle.

Gli attori, quattro ragazzi britannici, hanno sin da subito messo i ragazzi a loro agio e si sono rivelati disponibili trasmettendo molta curiosità agli spettatori.

Al termine dello show gli attori hanno coinvolto gli alunni con giochi e quiz in lingua inglese suscitando interesse e partecipazione.

"Consideriamo questa esperienza come una grande opportunità per migliorare il nostro livello di inglese, per questo ringraziamo gli attori Cameron, Ellie, Megan e Miles ma in particolare le prof.sse Barbara Gherardini e Silvia Campion, docenti di lingua inglese, che ci hanno offerto questa occasione" commentano le alunne partecipanti Alice, Anita e Sofia della classe 3C

On 14th March, all the classes of year two and three of "G. Ghirardini" middle school went to the theatre to see the show "Sherlock Begins". The play was in English and talked about Sherlock Holmes, a detective who had extraordinary skills to solve crimes, and his friend Watson.

After the performance, we played some games with the actors and we asked them some questions. The actors were charming, clever and cheerful. The show was amusing and everyone was enthusiastic and followed the show with great attention.

The actors met at University, where they decided to work and start acting together. This one was their first experience in Italy; they were positively surprised to play in such a beautiful theatre, teatro Balzan.

"We think that it was a great experience to improve our English and to talk to native British people. Moreover it was our first time at the theatre in English."
